

Health and Happiness, Naturally,

you can't bring your pets to the Dead Sea, but you can bring the Dead Sea to your pets.

Natural, Reliable, Effective, and Affordable

Our Promise

We are a small group of pet-lovers who came together to bring the healing benefits of the Dead Sea to pets throughout the nation. We've added human-grade, all-natural ingredients to our mud scrubs, mineral shampoos, and conditioners because, like you, our pets mean the world to us.

The Healing Power of the Dead Sea

The healing benefits of the Dead Sea have been well documented in medical studies, and anecdotally going back thousands of years. The salts and minerals relieve tired, aching muscles, reduce inflammation, moisturize skin – the biggest organ you have – and create a therapeutic, calming feeling.

The idea for Ochah Natural Pet Care began while we were relaxing in the Dead Sea and noticed a lack of dogs in the area. As we are all pet-lovers, we knew that our furry children would benefit from the relaxing experience. The more we looked into it, the more we learned just how beneficial the Dead Sea minerals and salts could be for our pets.

And that's how an idea, born at 1,407 feet below sea level, is growing into the country's leading pet care service.

Active Minerals for Active Lifestyles

The Dead Sea has the richest concentration of active minerals, including Magnesium, Sodium, Potassium, Calcium, Selenium, Chloride, Sulfur, Bromide and Manganese; combined with natural extracts and essential oils, Ochah products help hydrate, relax, detoxify, and purify your pet's skin and fur.

Amongst various natural extracts and essential oils infused in our many mud scrubs, shampoos, conditioners, fresheners, colognes and sprays, Dead Sea minerals are present and active in every product to ensure your pet is receiving the best treatments available at an affordable price.

All Natural Pet Care

Ochah products are formulated with human-grade, natural and organic ingredients, vitamins, and pure essential oils.

MUD SCRUB

Naturally Simple, Naturally Wonderful

Ochah Natural Pet Care mud scrubs are made with human-grade, all-natural ingredients because your dogs and cats bring joy to your busy life. All Ochah Mineral Mud Scrubs will help your pampered pup find relief from itching and scratching due to dry skin, eczema, insect bites, and psoriasis, while helping to eliminate dandruff and hotspots. The human-quality ingredients and active Dead Sea minerals provide a therapeutic experience, giving you a clean, calm, and content canine.
