

OCHAH DEAD SEA MINERAL, MUD SCRUB, SHAMPOO AND CONDITIONERS

OCHAH products are rich in minerals, natural extracts and oils. When applied to dogs of all breeds, it can reduce shedding, while exfoliating and regenerating the skin. It is gentle and safe to the dog's skin.

PURE DEAD SEA MUD:

Is a natural repellent for fleas; it helps to relax the muscles, promotes blood circulation, and decreases itchy skin and dandruff.

ALOE VERA:

Soothes and helps in the healing process of skin problem such as hotspots, burns, minor cuts, bruises and fleas stings while moisturizing.

VITAMIN E:

Provides relief to itchy skin, while promoting healthy skin renewal.

NATURAL MOROCCAN ARGAN OIL:

Provides the skin with the required nourishment due to its rich content of vitamins and hydrating substances, helps to retain the softness of the dog's coat while also enhancing both shine and manageability.

OCHAH DEAD SEA MINERALS - ADDED VALUE INGREDIENTS

NATURAL LAVENDER OIL:

Is excellent oil to help calm dogs that are fearful, agitated, hyperactive or anxious. It leaves a refreshing, sweet and floral aroma.

NATURAL EUCALYPTUS OIL:

Is an excellent repellent of fleas and parasites. It softens the pet's coat, leaving it with a fresh scent.

PURE BEE'S HONEY:

Helps to promote wound healing and skin renewal, while attracting and locking in moisture.

NATURAL OLIVE OIL:

Neutralizes, conditions, and detangles. It leaves hair clean, soft, moisturized, and manageable, and relieves itchiness and irritation resulting from dry and flaky skin. It is a good nutritive for the pet's skin and coat due to the oil's richness omega-6 and omega-3.

NATURAL COCONUT OIL:

Helps make the coat smooth and glossy, as well as healthy and supple also minimizes doggy odor.

OCHAH DEAD SEA MINERAL, MUD SCRUB, SHAMPOO AND CONDITIONERS

NATURAL CAMEL MILK:

It is high with C and B vitamins, unsaturated fatty acids, iron and other essential minerals. It is known to elevate the hydration level, removes excess oil, minimizes dandruff, and help to soften and smooth the skin.

WHEAT:

Rich in vitamin E & essential fatty acids, omega 3 & 6. Wheat oil is great for dog's skin and coat by aiding in physical stability of hair follicles, which helps with shedding by reducing falling hair.

FLAXSEED/LINSEED OIL:

It provides numerous benefits to the skin and hair of a dog by providing it with essential fatty acids and antioxidants promoting skin cell and hair follicle repair. Flax seed oil helps with psoriasis by helping to reduce inflammation, and can alleviate symptoms of eczema by providing the skin with essential fatty acids.

NETTLE:

Rich in protein, vitamins A, C, K, B complex, as well as minerals such as calcium, phosphorus, iron, magnesium, and potassium, nettle extract helps to nourish the coat and alleviate discomfort that may be caused by flea bites, eczema and other skin conditions.

GREEN TEA:

Its natural properties to help snuff out free radicals in pet and reduces inflammation.

OATMEAL:

Helps to relieve itching and irritation by moisturizing the coat and skin

BAKING SODA:

Safe cleansing agent and natural deodorizer.

THE DEAD SEA - FACTS - A NATURAL WONDER

The Dead Sea is a salty lake 429 meters (1,407 ft) below sea level. It is earth's lowest elevation of land and the deepest salty lake in the world. The Dead Sea water contains 33% salinity with a high concentration of minerals such as: sodium, magnesium, bromine, calcium, iodine, sulfur, zinc, manganese, lithium, boron, and potassium.

For many years until today **the Dead Sea serves as a natural health research center due to its various health related advantages.**

THE DEAD SEA MINERALS - GENERAL HEALTH BENEFITS

1 PREVENTS HAIR LOSS

Although **shedding** is a natural mechanism for our dogs, excessive shedding or unhealthy hair loss can result from stress, due to high fever of viral diseases for a prolonged period, malnutrition, genetic reasons, harmful drugs, side effects of cosmetics, unhealthy water and many other reasons. OCHAH products are formulated with the purest and highest grade Dead Sea mud and minerals and has proven to be very effective for preventing hair loss by providing the skin and coat with a high mineral and antioxidant content to promote hair follicle repair and maintenance. **Calcium**, which is one of the essential minerals responsible for healthy and shiny hair, is also the major constituent of Dead Sea mud. Our products once applied on the hair of your pet will repair and strengthen it, leaving behind a natural glow, and defense for damage and loss.

2 REPAIR DAMAGED TISSUES

Phosphorus and **Magnesium** are two minerals that play a vital role in the repair of damaged tissue. Both these minerals are present in high concentrations within the Dead Sea. Absorbed by the skin pores of your pet, OCHAH products can deliver these minerals to your pets skin and coat, **promoting the repair of damaged tissues.**

3 PROMOTES BLOOD CIRCULATION

Proper blood circulation is very important because it allows nutrients to be circulated to all working tissues in the body, including the skin, paving the way for proper tissue maintenance and health. OCHAH products are rich in **Dead Sea minerals** and **antioxidants**, that when applied to your pet's skin and coat, will promote blood circulation, naturally leading towards a more natural lifestyle.

4 REDUCES JOINT INFLAMMATION

Joint inflammation is usually characterized by joint pain, loss of functioning of joints, joint stiffness, swelling of joints or redness, and is a problem that is faced by many people. This disorder can lead to a negative effect on internal organs and thus lead to pain in the organs. As it is experienced with people, it is also experienced by our pets. Presence of **calcium, potassium, boron** and **strontium** is very essential for the body to prevent inflammation. These minerals are available in abundance in OCHAH products, helping to reduce joint inflammation.

5 REDUCES STRESS

Your pets active lifestyle puts a lot of stress on their bodies, leading to both internal and external disorders. The mineral **Magnesium** is an anti-stress mineral that is present in OCHAH's products. Our products gradually will help with easing muscle stiffness, and skin conditions such as eczema, helping your pet to feel better on a daily basis.
